Research

The American College of Dentists inaugurated plans to promote research in dentistry and set apart funds for that purpose at its annual meeting in 1937. [J. Am. Col. Den., 4, 100; Sept. and 256 Dec. 1937.] During the years following plans were carried out resulting in extensive researches within dental schools and to some extent, elsewhere. *Grants* in support of and *awards* for achievement (William John Gies, Grants and Awards) have been provided. In addition to these, *Teaching Fellowships*, *Grants to Research Workers* for travel expense, and *Emergency Funds* for loss through disaster have been established. A standing committee of the International Association for Dental Research will actively co-operate with the College in carrying out these plans. For application or further information apply to the secretary of the College—Dr. Otto W. Brandhorst, 4221 Lindell Blvd., St. Louis, Mo. (See J. Am. Col. Den. 5, 115; 1938 (Sept.); The William J. Gies Dental Research Fellowship and Awards for Achievement in Dental Research.)
